Hi Brian: anything to share about your call with our HQs folks? I am here throughout the afternoon if it is easier to call me.

Thanks,

Douglas

Douglas,

Thanks for responding. Currently, Alex and I have a call set-up for Friday (10/13) afternoon. However, depending on what you discover I will postpone it if necessary.

Eric Holm is in our Minerals and Mining Program – he worked on the Powertech mining application. He got the message from the Governor's Office. I guess Mr. Dominguez emailed a member of the Governor's staff and that email was forwarded the email to Eric Holm. Since it was a UIC issue it came to me.

Again, please let me know what you find it. If there is more to this I will postpone the meeting to make sure we get the necessary people on the call.

Thanks!
Brian

Subject: RE: [EXT] Dewey-Burdock Draft Permit

Brian: let me first check with my management on this and then get back to you. For now, please hold off on responding.

Can you confirm who Eric Holm is?

Douglas

Hi Douglas,

I hope you had a nice weekend. I'm contacting you about the email we received below from Alex Dominguez. I plan to reach out to him – but I wanted to check with you to see if you had any insight on what he might want to discuss. Let me know.

Thanks!

To: Holm, Eric

Subject: [EXT] Dewey-Burdock Draft Permit

Hey Eric,

I previously emailed with Matt Konenkamp in Governor Dauggard's office and told me you would be the best point of contact to speak with on the Dewey-Burdock Class III Injection Well Draft Area Permit. Would you be available for a call next week to discuss? There are some general aspects of the permit that would be helpful for us to have a discussion on and that you may be able to provide more clarity to. If so, next Thursday or Friday would be great.

Best,
Alex

Alex Dominguez
